Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on Oct. 21, 2005 has been entered.

Allowable Subject Matter

Claims 24-28 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art does not disclose a method of reverse wrapping and electrically connection a light string without the necessity of removing the light string and rewinding the lights, including the steps of providing a light string, an electrical connection assembly comprising a first electrical connector having a cord and two male plugs at opposite end thereof, and an elongated jacket, in combination with the other limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Harrel 6,854,990 and MacMurdo, Sr. 5,397,243, Koppang 6,302,752 were cited for similar elongated jackets.
